

MINUTES OF THE FORUM MEETING

Held on Friday 9th September 2022 – Virtual Meeting via Teams

1. Welcome – Vice Chair

Lee Rickles, Vice Chair of NYHDIF, opened the meeting passing on James Rawlinson's apologies.

2. Apologies - see attendance list

3. Minutes of the 8th of July meeting and Matters Arising

The minutes were agreed as a correct record. All matters arising are covered on the agenda.

4. In-person updates and 'focus on':

NHS England update – Steve Firman

Many organisations have bids in against Front Line Digital Transformation monies.

NHS E are awaiting Treasury approval, so nothing substantial happening until the money starts to roll. Maybe the end of the year.

Each successful organisation will be written to directly, after which we should be able to build a regional position.

The signs are positive that most bidders will receive something. The funds will be based on the perceived gap to achieve HIMSS Level 5. The funding is based on levelling up rather than innovation.

Digital Primary Care – Funding has been cut and funding is flowing in a different manner, now combined with Primary Care transformation budgets.

Remote monitoring - Paused.

The Regional Digital Board has been reformed but is in its early stages of development. Stephen Eames is the Chair.

Regional Digital and Data event (with Ming Tang) is being looked at for the autumn.

There was an observation that Supplier Management re. Cyber would be helpful.

NHS Digital update – Olivier Christie

Digital Partnering
Engagement Pack - :

SIGN update – Sue Meakin

Narissa Leyland presented at the recent SIGN meeting, progress the ICS IG discussion.

Managing deceased patients raised Regionally and Nationally. Guidance from NHS E awaited.

5. Discussion re. 3rd Sector/CICs. How are they providing digital support to our health providers? How could we get them closer to NYHDIF?

Various points of view were considered. For example, the changed shape of NYHDIF over the years, commercial providers playing the role of CSUs, VCSE sector representation, those that contribute to a holistic care record.

The discussion favoured including those that have a role similar to a NYHDIF member (CIO/Head of IT) within an organisation that provides direct care.

ACTION: A recommendation on inclusion will be taken by the NYHDIF Management Committee, to then be approved by members.

6. Member ‘Spotlight’

York Teaching Hospital NHS FT – Luke Stockdale, Kev Beatson.

This was the first ‘Spotlight On’ item at NYHDIF. The slide deck is below. This covered the opportunity of ‘new builds’, the Trust Essential Services program, mobility in the workforce, as delivered by their ‘Nucleus’ system.

York and
Scarborough - Digit

7. Guest Item – UK Cloud/Channel 3 – Working within Bradford

Simon Wilson, Associate Director of Digital for Bradford District & Craven HCP, introduced the work that had done with UK Cloud and Channel 3. Guests were Nick Loba (UK Cloud Health), Helen Geerling (Shaping Cloud). Contact details are contained within the presentation.

Journey to Cloud – Cloud Evaluation
NYHDIF Sept 22.pdf for BDC - Exec Summ

8. Guest Item – Sophos – Learnings from a national supplier to the NHS

Sophos - NYHDIF
(Public).pdf

Neil Phillips and Jake Hutchinson represented Sophos and the work undertaken with the SE Coast Ambulance Service to provide Cyber as a Service. The slide pack is included.

Next Meeting. The next regular meeting will be the Conference on the 10th and 11th of November at Fairfield Manor York. Please contact janet.NYHDIF@outlook.com to book your place.
